

Why charter with TWC Aviation?

We understand
the importance
of your trip.

At TWC Aviation, we love flying and looking forward to making your next business or pleasure charter flight a great experience. For years, we've met the exacting standards and global travel requirements of world leaders, corporate flight departments, and discriminating private jet travelers. You are assured of a personalized charter experience that values your safety, comfort, privacy, and time.

To meet the new concerns in today's rapidly changing world, we have established thorough risk identification, assessment, and prevention systems to ensure your confidentiality and safety. Each detail of every flight is analyzed to ensure all operational elements adhere to FAA standards and international aviation best practices. In addition to worldwide jet charter services we also offer comprehensive aircraft management and jet sales and acquisition services.

With TWC Aviation, you can fly virtually anywhere, whenever your schedule demands. Wherever you are, wherever you're going, we're here to serve you.

Dedicated Sales
Executive will plan
your flights.

Your Charter Sales Executive is an accomplished travel professional who will serve as your single point of contact, and quickly get to know you and your unique travel requirements. They will help you select a jet based on your personal preferences, destination, the number of people in your party, and requirements for specific amenities. We are focused on finding the best solution for each and every flight.

Choose from one of the world's largest charter fleets.

- Select one of our meticulously maintained modern jets, from Bombardier, Cessna, Dassault, Embraer, Gulfstream, and Hawker Beechcraft.
- We offer a full range of aircraft—including jets with Wi-Fi. From light jets for short flights to large cabin jets for farther destinations or international travel.
- Receive a firm quote before each flight, no hidden fees or unexpected charges.
- Receive detailed itineraries and real-time flight following updates for family or colleagues on the ground.
- Rely on us to coordinate in-flight meals, snacks, reading materials, and amenities to make your flight comfortable, and synchronize ground transportation to your flight schedule.

Business or personal travel, we cater to your every need.

Get down to business while you're up in the air.

If you're flying on business, time is of the essence—whether you're on your way to an important meeting, or need to tour three factories and still be back in time for your child's birthday party. You want your plane to be an airborne office, a comfortable environment for serious work, with the communications and other technologies you need to stay on top and stay in touch.

Take family and friends anywhere, anytime.

You may be taking your family on a vacation or bringing friends along for a golf excursion. No matter the reason for your trip, whatever your destination, we'll devote our every effort to ensure a fast, comfortable, convenient, and enjoyable travel experience.

Enjoy personalized amenities.

Internationally
experienced specialists
manage every detail.

Everyone on our team—from sales executives and flight coordinators to pilots and cabin attendants—has international flying experience. Our experts will easily handle cultural, regulatory, and other issues that vary widely by country and can complicate global travel.

- Customs & Permits
- Security arrangements
- International Risk Assessments
- Visa Waiver Program
- Border Over-flight Authorizations
- Emergency Response Plans

We're always in control.

We will carefully manage every aspect of your trip. Our dispatch team will monitor your flight in real time. We'll maintain tight control, and quickly make any necessary decisions as weather and other changing circumstances dictate. You can relax and enjoy your journey—comfortably, safely, and privately.

Peace of mind with our Safety and Security Vigilance Program.

Our Safety and Security Vigilance Program integrates TWC Aviation team members, internal policies and procedures, FAA and other regulatory compliance, independent audits and certifications. The program is managed by our Director of Aviation Safety and Security, with overall direction by our Safety and Security Council.

TWC People

- ✓ Procedures for reporting operational hazards and anomalies.
- ✓ Tracking, analyzing, and recommending changes.
- ✓ Monthly internal evaluations comparing TWC Aviation to industry best standards and practices.
- ✓ Emergency Response Plan (ERP) tested by multiple annual drills.

Independent External Audits

- ✓ IS-BAO and ACSF
- ✓ Wyvern and ARG/US
- ✓ Fortune 50 corporate flight departments

TWC Aviation earned a 2011 NBAA Commercial Business Flying Safety Award for 26,838 hours in 11 accident-free years. Our Director of Maintenance received the Maintenance/Avionics Technician Flying Safety Award for 21 accident-free years. And six members of our Operations and Flight Coordination teams earned Aviation Support Services Flying Safety Awards.

Believe me when people ask about private flights you are the first and only name we are recommending!!!

Just wanted to give you some feedback about our Factory Visits in November using TWC Aviation. Daniel did an excellent job with all the arrangements and communication. All of the passengers were very happy and impressed with the service. The pilots were especially very accommodating and extremely courteous.

Another great excursion with TWC. The pilots, the jet, and all arrangements were perfect. Four hours going there is very easy to get used to!
